**Fall Turkey Harvest by Town 2009**  
 Harvest Total: 712

### **Maine's 2009 Fall Wild Turkey Hunting Season**

The fall wild turkey hunting season included three zones defined by allowable weapon type for hunting. These were defined as Archery Zone 1, October 10 to October 24, including wildlife management districts 12, 15,16,17, 20, 24, 25 and 26; Archery Zone 2, October 1 to October 30, including wildlife management districts 21, 22 and 23; and Shotgun Zone 3, October 17 to October 23, including wildlife management districts 15, 16, 17, and 20 through 25. Hunters were allowed to take one turkey, which could be either sex of any age. The total fall harvest of 712 was slightly above the 2008 harvest of 685 wild turkeys. 85% of the 712 turkeys harvested in the fall were taken by shotgun.
