

## MASTER RETAIL ELECTRICITY SUPPLY AGREEMENT

This Master Retail Electricity Supply Agreement ("**Master Agreement**" or "**Agreement**") is entered as of 12/12, 2018 ("**Effective Date**") by and between **State of Maine** ("**Customer**" or "**Buyer**") and Constellation NewEnergy, Inc. ("**Constellation**" or "**Seller**"). Constellation and Customer are sometimes referred to individually as a "**Party**" and collectively as the "**Parties**." This Master Agreement sets forth the general terms and conditions governing transactions for the purchase and sale of electricity and related products and services to one or more of Customer's accounts (each an "**Account**") as agreed to from time to time (each a "**Transaction**"). Each Transaction shall be evidenced by a pricing schedule, rider or other form of transaction confirmation (each a "**TC**" or "**Confirmation**"). This Master Agreement and each TC executed pursuant hereto shall constitute a single integrated agreement between the Parties (collectively referred to as the "**Agreement**"). Any conflict between the terms and conditions of this Master Agreement and any TC shall be resolved in favor of the TC. The Parties intend that they are legally bound by the terms of each TC from the moment each Party agrees to those terms, whether via (i) e-mail transmission solely by designated authorized persons listed below under the Parties' signature, or (ii) a duly executed, written TC. Nothing in this Master Agreement obligates either Party to enter into a TC at any time.

- 1. Constellation and Customer Obligations.** Constellation shall sell and supply, and Customer shall purchase and receive, Customer's full requirements for electricity for each Account identified in a TC. Constellation, in its sole discretion, may select such sources of energy as it deems appropriate to meet its obligations under the Agreement. Furthermore, Constellation shall enroll each Account with the applicable UDC as being supplied by Constellation and shall take such other actions with the applicable UDC and ISO necessary for Constellation to meet its obligations under the Agreement. "UDC" or "Utility" means the local utility distribution company owning and/or controlling and maintaining the distribution system required for delivery of electricity to an Account. "ISO" means the independent system operator or regional transmission organization responsible for the service territory governing an Account, or any successor or replacement entity.
- 2. Term of Master Agreement.** The term of this Master Agreement will commence on the Effective Date and, unless terminated earlier as provided in this Master Agreement, will continue until terminated by either Party upon 30 days prior written notice to the other; provided any TC will continue to be governed by this Master Agreement until the TC has been separately terminated or expired.

**Term of TC.** The term of each TC (which may also be identified as a Delivery Period) shall commence on or about the date set forth under "Start Date", and end on or about the date set forth under "End Date" in accordance with the terms of this Master Agreement. The actual Start Date is dependent on the UDC successfully enrolling the Account(s) and furnishing Constellation with all necessary information regarding the Account(s) meter read cycle and meter read date(s). The dates set forth in the TC reflect UDC information available at that time or as otherwise estimated by Constellation. The actual meter read dates may occur on or about the dates set forth in the TC. Constellation will use commercially reasonable efforts to begin service to each Account(s) on the actual meter read date on or about the Start Date set forth in a TC. If Constellation is unable to timely enroll an Account, the Start Date will commence on the next regularly scheduled UDC meter read cycle date following successful enrollment. The End Date will remain the same unless extended for a holdover term. Constellation shall not be liable for any failure to enroll or drop an Account by the Start and End Date due to circumstances beyond its control.

- 3. Information and Authorization.** Customer hereby authorizes Constellation to take such actions it deems necessary to enroll the Account(s) with the UDC as to be served by Constellation and to otherwise meet its obligations under the Agreement. Customer's signature on a TC or acceptance of terms via e-mail transmission constitutes its written authorization for Constellation to obtain from time to time from the UDC and ISO all current and historical energy billing, usage data and other related information. Customer shall take any actions, execute any documents and provide any information as Constellation reasonably requires.

- 4. Billing and Payment.**

**Billing.** After receiving Customer's usage for the Accounts, Customer will be billed for electricity usage and related products and services supplied under the Agreement in one of the following ways based on availability and eligibility of Customer's Account(s), which may change from time to time: (a) Dual Billing: Customer will receive two invoices, one from Constellation for the Electricity Charge and one from the UDC for the amounts payable by Customer for services provided by the UDC ("Delivery Charges"); (b) UDC/Utility Consolidated Billing: Customer will receive one invoice from the UDC that includes both the Electricity Charge and the Delivery Charges; or (c) Constellation Consolidated Billing: Customer will receive one invoice from Constellation that includes both the Electricity Charge and the Delivery Charges. "Electricity Charge" means the product

FOR INTERNAL USE ONLY

of (i) the fixed or variable price for electricity, and other related fixed and/or pass through charges for related products and services supplied, as set forth in the TC for each Account; and (ii) the billing units associated with such charges during the applicable period.

**Taxes.** Customer shall pay all federal, state, municipal and local taxes, duties, fees, levies, premiums or other charges imposed by any governmental authority, directly or indirectly, on or with respect to the electricity and related products and services provided under the Agreement, including any taxes enacted after the Effective Date (collectively, "Taxes"). **Constellation will apply all appropriate Taxes unless and until Customer provides a valid certification of tax exempt status.** Each Party shall have responsibility, and the other Party shall have not have any responsibility for taxes appropriately allocated to a Party. All Taxes invoiced to Customer under the Agreement will be included on the invoice or in the applicable fixed price as allowed by Law.

**Estimates.** Constellation's ability to invoice Customer is dependent on the UDC's or ISO's ability to timely furnish Constellation with all necessary information, including Customer's metered usage. When there is a delay in receiving information from the UDC, ISO and/or other third parties, Constellation will, to the extent necessary, estimate charges and credits for a billing period and reconcile such estimates against actual charges and credits in a future invoice(s). Each invoice is also subject to adjustment for errors in arithmetic, computation, meter readings or other errors. Interest shall not accrue on such adjustments. For charges based on metered usage, if an Account is not equipped with meters that provide an hourly reading, Constellation will use either applicable load profiles provided by the UDC or, in their absence, an otherwise reasonable allocation method.

**Payment.** Constellation's invoices will be sent to Customer in accordance with Constellation's normal billing cycle, as adjusted from time to time consistent with the applicable UDC's meter read dates. The invoices will state any applicable Electricity Charge, Delivery Charges, Taxes and other amounts related to the purchase and delivery of electricity. Constellation's invoices are due and payable on the 20<sup>th</sup> day after the invoice date, or such other date as required by Law or as set forth in a TC ("Payment Date") without offset or reduction of any kind to the address on the invoice. If Customer disputes any invoice amount, Customer shall nonetheless pay the entire invoice amount when due. Upon resolution of a dispute, Constellation shall pay any agreed-to refund to Customer. Invoices not paid on or before the Payment Date will accrue interest daily on outstanding amounts from the Payment Date until paid in full, at the lesser of 1.50% per month or the highest rate permitted by Law. All invoices (including adjustments thereto) are conclusively presumed final and accurate unless such invoices are objected to by either Party in writing, including adequate explanation and/or documentation, within 24 months after the date such invoice was rendered, provided however, Constellation may rebill based on post-period audits or adjustments made by the ISO, UDC, or other governmental authority, commission or agency with jurisdiction in the state in which the Accounts are located.

5. **Holdover.** If following termination or expiration of a TC (whether in whole or in part), for any reason, some or all of the Accounts remain designated by the UDC as being supplied by Constellation, Constellation may continue to serve such Account(s) on a month-to-month holdover basis. During such holdover term, Constellation will calculate Customer's invoice as follows: (Each Account's metered usage, as adjusted by the applicable line loss factor(s)) *times* (the applicable ISO-published Real Time or Day Ahead Locational Based Marginal Price ("LMP") identified in each TC + the \$/kWh holdover fee set forth in each TC) + (a pass through of all costs and charges incurred by Constellation for the retail supply of electricity to Customer) + Taxes. This Master Agreement will continue to govern the service of such Account(s) during such holdover term. Either Party may terminate the holdover term at any time within its discretion at which time Constellation will drop each Account as of the next possible meter read date to the then-applicable tariff service, whether default service or otherwise.
6. **Adequate Assurance.** If the senior unsecured ratings for Customer fall below Baa3 by Moody's and/or fall below BBB- by Standard & Poor, Constellation may demand, in writing, adequate assurance of future performance from Customer in a form, in an amount, from an issuer, and for a term, all as reasonably satisfactory to Constellation ("Adequate Assurance"). To satisfy a demand, Customer shall provide Adequate Assurance to Constellation within 3 Business Days of the date of the written demand. "Business Day" means any day except a Saturday, Sunday, or a Federal Reserve Bank holiday and shall open at 8:00 a.m. and close at 5:00 p.m. Eastern Prevailing Time.
7. **Event of Default.** An "Event of Default" means any one of the following: (a) Customer's failure to make, when due, any payment required under the Agreement if not paid within 5 Business Days (or such longer period required by applicable Law) following written notice to Customer that a payment is past due; (b) any representation or warranty made by a Party in the Agreement is false or misleading in any material respect when made or ceases to remain true in all material respects during the term of the Agreement, if not cured within 5 Business Days after written notice from the other Party; (c) Customer fails to provide Adequate Assurance as provided in the Agreement; (d) the failure by a Party to perform any material obligation set forth in the Agreement (other than the events that are otherwise specifically covered as a separate Event of Default hereunder) where such failure is not cured within 5 Business Days after receipt of written notice thereof; (e) either Party terminates the Agreement and/or any TC (or service to certain Account(s) under a TC) before the End Date of an effective TC for any reason other than Force Majeure or for a termination resulting from an Event of Default committed by the other Party; or e(f) a Party: (i) makes an assignment or any general arrangement for the benefit of creditors; (ii) has a liquidator, administrator, receiver, trustee, conservator or similar official appointed for it or any substantial portion of its property or assets (iii) files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or cause of action under any bankruptcy, insolvency, reorganization or similar law for the protection of creditors, or has such petition filed against it; (iv) otherwise becomes bankrupt or insolvent (however evidenced); (v) is unable to pay its debts as they fall due; or (vi) is dissolved (other than pursuant to a consolidation, amalgamation or merger).

FOR INTERNAL USE ONLY

8. **Remedies Upon Event of Default.** If an Event of Default occurs with respect to a Party (the "Defaulting Party"), the other Party (the "Non-Defaulting Party") may in addition to all remedies available to it at Law or in equity, in its discretion, at any time, (A) (i) suspend any deliveries hereunder and/or (ii) terminate the Agreement in whole or solely with respect to those Accounts adversely affected by such Event of Default, upon written notice to the Defaulting Party setting forth the effective date of termination (the "Early Termination Date") and/or (B) calculate a termination payment in good faith as described below. The Early Termination Date for any Accounts located in New York shall be no less than 15 calendar days from the date of written notice of termination and for any Accounts located in New Jersey shall be no less than 30 calendar days from the date of written notice of termination. The Non-Defaulting Party will in good faith calculate a termination payment. The Defaulting Party shall pay such termination payment together with any other amounts due as of such date to the Non-Defaulting Party within 3 Business Days of receipt of notice of the amount of the termination payment. The Parties acknowledge and agree that any termination payment under the Agreement constitutes a reasonable approximation of harm or loss, and is not a penalty or punitive in any respect. If Customer's property associated with an Account receiving electricity supply hereunder is closed, vacated, sold or otherwise disposed of by Customer, then either Party may terminate the TC with respect to such Account upon 30 days written notice to the other Party, in which event Customer shall make a termination payment to Constellation calculated in accordance with the next paragraph of this Section 8.

If Customer is the Defaulting Party, the termination payment shall be equal to the sum of: (i) the positive difference, if any, between the Energy Price or Retail Service Price set forth in the applicable TC and the Market Price, multiplied by the estimated undelivered volume of electricity which Customer would consume from the Early Termination Date through the original term of the TC, as reasonably calculated by Constellation; (ii) Constellation's Costs; and (iii) any unpaid amounts due from Customer to Constellation.

If Constellation is the Defaulting Party, the termination payment shall be equal to the sum of: (i) the positive difference, if any, between the Market Price and the Energy Price or Retail Service Price set forth in the applicable TC, multiplied by the estimated undelivered volume of electricity which Customer would consume from the Early Termination Date through the original term of the TC, as reasonably calculated by Customer; (ii) Customer's Costs; minus (iii) any unpaid amounts due from Customer to Constellation.

"Costs" means, with respect to the Non-Defaulting Party, brokerage fees, commissions and other similar transaction costs and expenses reasonably incurred by such Party as a result of the Event of Default. The "Market Price" shall be the price of electricity and services as of the Early Termination Date under terms substantially similar to those of the applicable terminated TC. The Non-Defaulting Party may determine the Market Price of a terminated transaction by reference to information either available to it internally or supplied by one or more third parties. The Non-Defaulting Party shall not be required to enter into a replacement transaction in order to determine or be entitled to a termination payment. Except for any unpaid amounts due prior to the Early Termination Date, no termination payment shall be owed by the Non-Defaulting Party to the Defaulting Party.

9. **Change in Law.** Constellation may pass through or allocate, as the case may be, to Customer any increase or decrease in Constellation's costs related to the electricity and related products and services sold to Customer that results from the implementation of new, or changes (including changes to formula rate calculations) to existing, Laws, or other requirements or changes in administration or interpretation of Laws or other requirements. "Law" means any law, rule, regulation, ordinance, statute, judicial decision, administrative order, ISO business practices or protocol, UDC or ISO tariff, rule of any commission or agency with jurisdiction in the state in which the Accounts are located. Such additional amounts will be included in subsequent invoices to Customer. Notwithstanding the foregoing, any increase passed on the Customer shall not exceed 5% of applicable TC.
10. **Representations and Warranties.** Each Party warrants and represents to the other (now and deemed repeated by each Party on each date on which a TC is executed and delivered) that: (i) it is duly organized, validly operating and in good standing under the Laws of the jurisdiction of its formation; (ii) it is authorized and qualified to do business in the jurisdictions necessary to perform under the Agreement; (iii) execution, delivery and performance of the Agreement are duly authorized and do not violate any governing documents or any of its contracts or any applicable Law; (iv) there is no material event(s) or agreement(s) which would impair that Party's right, authority or ability to execute the Agreement and otherwise perform under the Agreement; and (v) it has the knowledge and experience to evaluate the merits and risks associated with the Agreement.

Furthermore, Customer warrants, represents and covenants that: (i) the data given and representations made concerning its Account(s) are true and correct to the best of its knowledge, with due inquiry, as applicable; (ii) it is entering into the Agreement to purchase its energy requirements only and not for speculative or resale purposes; and that the energy purchased under the Agreement will be consumed at the facilities to which the Account(s) relate; and (iii) it is the party of record of the Account(s), or if it is not the party of record, it has the authority to enter into and bind the party of record to the Agreement. If Customer is a Governmental Entity, Customer represents and warrants that it has complied with all applicable bidding and procurement laws in awarding this Agreement and any TC hereunder, and covenants it will request all necessary budgetary approvals, appropriations and funding for all of its obligations under the Agreement. "Governmental Entity" means a municipality, county, governmental board or department, commission, agency, bureau, administrative body, joint action agency, court or other similar political subdivision (including a public school district or special purpose district or authority), or public entity or instrumentality of the United States or one or more states.

FOR INTERNAL USE ONLY

11. **Force Majeure.** Notwithstanding any other provision of the Agreement, if a Party is unable to carry out any obligation under the Agreement due to a Force Majeure (other than a payment obligation, which shall not be excused for Force Majeure), the Agreement will remain in effect but such obligation will be suspended for the duration of the Force Majeure, provided: (i) the claiming Party notifies the other Party as soon as possible in writing of the particulars of the Force Majeure; (ii) suspension of performance is of no greater scope and duration than required by the Force Majeure; and (iii) the claiming Party uses commercially reasonable efforts to remedy its inability to perform. If the Force Majeure continues for a period of 30 days or more, or where it is impossible or impracticable for the claiming Party to carry out any obligation under the Agreement due to the Force Majeure either Party may terminate the Agreement with respect to the Accounts adversely affected by the Force Majeure upon 15 days prior written notice. "Force Majeure" means an event not within the reasonable control of the Party claiming Force Majeure and that by the exercise of due diligence, such Party is unable to prevent or overcome in a commercially reasonable manner. Force Majeure includes, but is not limited to, acts of God; fire; war; terrorism; flood; earthquake; civil disturbance; sabotage; facility failure; strike; curtailment, disruption or interruption of distribution, transmission, or supply; declaration of emergency by the UDC or ISO; regulatory, administrative, or legislative action, or action or restraint by court order or governmental authority; or any act or omission of a third party not under the control of either Party. Force Majeure shall not include loss or failure of either Party's markets or supplies.
12. **Limitations.** Notwithstanding any other provision of the Agreement to the contrary, neither Party nor their respective officers, directors, shareholders, associates, employees, agents, representatives, successors and assigns, shall be liable to the other Party for any consequential, exemplary, special, incidental, or punitive damages (including, without limitation, lost opportunities or lost profits) not contemplated by Section 8 above which are connected with or resulting from claims, losses, expenses (including reasonable attorneys' fees and court costs), damages, demands, judgments, causes of action or suits of any kind, arising out of, or in connection with, the performance or non-performance of a Party's obligations under the Agreement ("Claims"). The entire liability of each Party for any and all Claims will be limited to direct actual damages only as calculated pursuant to Section 8 above, subject in all cases to an affirmative obligation of each Party to mitigate its damages. Customer acknowledges and agrees that title passes from Constellation to Customer at the ISO/UDC interconnect, the UDC and ISO are exclusively responsible for the energy transmission and delivery system, that Constellation has no independent control over their systems and will have no liability for any of their acts or omissions.
13. **DISCLAIMER.** CUSTOMER ACKNOWLEDGES AND AGREES THAT NO WARRANTY, DUTY, OR REMEDY, WHETHER EXPRESSED, IMPLIED, OR STATUTORY, IS GIVEN OR INTENDED TO ARISE OUT OF THE AGREEMENT EXCEPT AS OTHERWISE EXPRESSLY STATED HEREIN, AND CONSTELLATION SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE.
14. **Waiver and Severability.** Failure to provide notice of, or object to, any default under the Agreement will not operate or be construed as a waiver of any future default, whether like or different in character. If any portion of the Agreement, or application thereof to any person or circumstance, is held legally invalid, the remainder will not be affected and will be valid and enforced to the fullest extent permitted by law and equity, and there will be deemed substituted for the invalid provisions such provisions as will most nearly carry out the mutual intent of the Parties as expressed in the Agreement to the fullest extent permitted by applicable Law; provided, however, that this severability provision will not be applicable if any provision of Sections 7 and 8 of this Master Agreement (or any definition or provision in the Agreement to the extent it relates to, or is used in connection with, such sections) is held invalid or unenforceable.
15. **Assignment.** Customer may assign all its rights and obligations under the Agreement; *provided* (A) it gives Constellation 45 days prior written notice of its intent to do so; (B) the assignee satisfies in full Constellation's credit requirements; (C) the assignee assumes in writing all of Customer's obligations under the Agreement; and (D) Customer continues to be liable for performance, including payment for goods and services received, prior to the assignment date. Constellation may assign, sell, pledge, transfer, or encumber any of its rights and obligations under the Agreement or the accounts, revenues, or proceeds hereof to any: (A) bank, insurer, or other financial institution; (B) person or entity (i) succeeding to all or substantially all of Constellation's assets or business or the division or region of Constellation to which the Agreement relates or (ii) into which Constellation is merged or otherwise combined or reorganized; provided (with respect to this clause (B)) the succeeding entity agrees to be bound to the Agreement; or (C) affiliate.
16. **Confidentiality.** Each Party agrees to keep all terms of the Agreement and related communications (including pricing) confidential to the extent not otherwise publicly available and not to disclose them to any third parties without the prior written consent of the other Party, except as otherwise required by Law. Each Party may disclose such information to its affiliates and to its affiliates' employees, agents, advisors, and on a need to know basis to its independent contractors, provided each such recipient agrees to hold such information in confidence. Constellation may disclose information regarding Customer to third parties that are representing Customer in the purchase of energy or related services. Furthermore, Constellation may make such other disclosures to third parties, including aggregate consumption data, provided they cannot be reasonably expected to specifically identify Customer. If disclosure of confidential information is sought through a court, or a state or federal regulatory agency or other legal compulsion, the Party receiving such request will notify the other Party immediately to afford it the opportunity to oppose such disclosure via a protective order or other relief as may be available and will provide reasonable support.
17. **Choice of Law, Venue, Attorney Fees and Expenses.** The Agreement will be governed and interpreted in accordance with the laws of the state in which such Account is located (provided that the governing jurisdiction shall be deemed to be the State of New York if the matter at issue

---

FOR INTERNAL USE ONLY

involves Accounts or matters in more than one state), without giving effect to conflict of law principles. Any controversy or claim arising from or relating to the Agreement will be settled in accordance with the express terms of the Agreement by a court located in the governing jurisdiction (and each Party hereto waives any right to object to venue in this regard). TO THE EXTENT ALLOWED BY APPLICABLE LAW, EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY OR TO INITIATE OR BECOME A PARTY TO ANY CLASS ACTION CLAIMS IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THE AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THE AGREEMENT. If either Party pursues court action to enforce its rights under the Agreement, the non-prevailing Party shall promptly reimburse the prevailing Party for all its reasonable attorney fees, expenses and costs.

18. **Notices.** To be effective, all notices must be in writing delivered by hand, by certified mail return receipt requested, or by first class mail, or express carrier to the addresses provided in the TC. Notice by hand delivery shall be effective on the delivery date. All other notices shall be effective on the delivery date or the date delivery is attempted. A Party may change its address by providing notice of such change in accordance herewith. An authorized person may also name other authorized persons via email.
19. **Miscellaneous.** The Agreement embodies the Parties' entire agreement and understanding, supersedes all prior agreements and understandings (whether written or oral) regarding the subject matter of the Agreement, and may not be contradicted by any prior or contemporaneous oral or written agreement. A facsimile or e-mailed copy of either Party's signature will be considered an original for all purposes under the Agreement, and each Party will provide its original signature upon request. Each Party authorizes the other Party to affix an ink or digital stamp of its signature to this Master Agreement and any TC, and agrees to be bound by a document executed in such a manner. No amendment or edits to the Agreement, including the TC(s) or any purchase orders, will be valid or given any effect unless signed by both Parties. The applicable provisions of the Agreement will continue in effect after termination or expiration hereof to the extent necessary, including but not limited to providing for final billing, billing adjustments and payments, limitations of liability, the forum and manner of dispute resolution. The section headings used in this Master Agreement are for reference purposes only and will in no way affect the meaning of the provisions of this Master Agreement. The Parties acknowledge that any document generated by the Parties with respect to the Agreement, including the Agreement, may be imaged and stored electronically and such imaged documents may be introduced as evidence in any proceeding as if such were original business records and neither Party shall contest their admissibility as evidence in any proceeding. The rights, powers, remedies and privileges provided in the Agreement are cumulative and not exclusive of any rights, powers, remedies and privileges provided by Law. Constellation shall have the right to set-off and net against any amounts owed to it under the Agreement, including without limitation any termination payment, any amounts owed by Constellation to Customer under the Agreement or any other agreement between the Parties, including without limitation any Adequate Assurance. Except for Section 12 above, no third party will have any rights under the Agreement whatsoever and Customer will be fully responsible, and Constellation shall have not responsibility, for any compensation owing any third party representing Customer in connection with the Agreement and will indemnify, defend and hold Constellation harmless from all related Claims. Customer further authorizes Constellation to utilize Customer's name for publicity and marketing purposes.
20. **Affirmation; Acknowledgements.** Customer affirms that it has read the Agreement in its entirety and agrees to the terms and conditions contained herein. Any ambiguity or question of intent or interpretation under the Agreement will be construed as if drafted jointly by the Parties, and no presumption or burden of proof will arise favoring or disfavoring either Party by virtue of the authorship of any of the provisions of the Agreement. The Parties acknowledge and agree that: (i) Constellation is an independent contractor under the Agreement and except as otherwise explicitly provided in the Agreement, neither Party has the authority to execute documents that purport to bind the other, and nothing in the Agreement will be construed to constitute a joint venture, fiduciary relationship, partnership or other joint undertaking; (ii) the Agreement and TCs entered into hereunder will constitute "forward contracts" under the U.S. Bankruptcy Code, as amended, the rights of the Parties under Section 8 above will constitute contractual rights to liquidate them, and the Parties are entities entitled to the rights and protections afforded to "forward contracts" by the U.S. Bankruptcy Code; (iii) Constellation is not Customer's consultant or advisor for any purpose including advice regarding the value or advisability of trading in "commodity interests" as defined in the Commodity Exchange Act, 7 U.S.C. §§ 1-25, et seq., as amended ("CEA"), including futures contracts and commodity options or any other activity which would cause Constellation or any of its affiliates to be considered a commodity trading advisor under the CEA; and (iv) Customer is making its own decisions based solely upon its own analysis and the advice of its own advisors, if any.

FOR INTERNAL USE ONLY

**Agreement is Not  
Valid Unless  
Executed by  
Seller**

**Constellation NewEnergy, Inc.  
Fixed Price Solutions Transaction Confirmation**

This TC is entered into pursuant to and in accordance with a Master Agreement executed on \_\_\_\_\_ by and between Constellation NewEnergy, Inc. ("Seller") and State of Maine ("Customer"), and is subject to all of the provisions, terms and conditions of such Master Agreement. Notwithstanding anything to the contrary, any conflict between this TC and the Master Agreement will be resolved in favor of this TC, but only with respect to the Account(s) listed on this TC. This TC supersedes all prior agreements and understandings with respect to the Account(s), and may not be contradicted by any prior or contemporaneous oral or written agreement. Capitalized terms used herein but not defined will have the meanings ascribed to them in the Master Agreement.

**Price Terms.** The prices contained in the Account Schedule include all the costs listed below as "Fixed", meaning that they will remain constant for the existing term of this TC and may only be subject to change as a result of a Change in Law as described in the Master Agreement. Costs listed below as "Passed Through" means that charges for these costs will change during the existing term of this TC to the extent the related charges vary for any reason. At any time during the term of this TC, Customer may request the purchase of renewable energy certificates in an amount equal to a prescribed percentage of Customer's load volume by entering into one or more Retail Trade Transactions ("RTTs"), which shall be evidence by a fully executed RTT Confirmation and be incorporated herein.

**Cost Components.** Each of the items listed as "Fixed" below is included in Customer's contract prices as set forth in the Account Schedule. For each of the items listed as "Passed Through" below, Customer will be charged the costs associated with the line item in accordance with the definitions of each item in Section 1.1, Definitions.

Energy Costs	Fixed
Ancillary Services And Other ISO Costs	Fixed
Capacity Costs	Fixed
Line Loss Costs	Fixed
Renewable Portfolio Standards Costs	Fixed

The contract prices contained in the Account Schedule have been reduced to reflect a fixed credit to Customer for the Auction Revenue Rights and Transmission Loss Credits associated with the Account(s).

**Capacity Cost (Fixed):** Customer has elected the "Fixed" option for Customer's "Capacity Costs" as noted in the table above. "Fixed" means Seller has included Capacity Costs in Customer's contract price (set forth in the Account Schedule) based on the current Capacity Costs associated with Customer's Accounts as of the effective date of this TC. Customer's Capacity Costs will not be subject to change during the term of this TC except as a result of Change in Law as described in the Master Agreement. For avoidance of doubt, except as otherwise agreed to herein, Customer's Fixed contract price will not be adjusted (either upward or downward) to pass through any changes in Customer's Capacity Costs based on monthly or annual changes to the Capacity Obligation for the Account(s). "**Capacity Obligation**" means the Accounts' ICAP Tags as provided by the UDC, as modified utilizing the applicable ISO methodology factors (including but not limited to reserve margin) as defined by the ISO as of the date this TC. "**ICAP Tag (kW)**" means the peak load contribution for the Account(s) measured in kilowatts (kW) as determined by the UDC and reported to the applicable ISO. For illustrative purposes only, please see the Capacity Obligation Components table below:

<b><u>CAPACITY OBLIGATION COMPONENTS</u></b>	
ICAP Tags	Fixed
Other ISO/Utility factors (such as reserve margin)	Fixed

**Billing.** Customer's Account(s) will be billed as follows per the Master Agreement: UDC Consolidated Billing.

FOR INTERNAL USE ONLY

**Section 1.1. Definitions.**

"**Ancillary Services And Other ISO Costs**" means for any billing period the applicable charges regarding ancillary services as set forth in the applicable ISO Open Access Transmission Tariff ("OATT") and for other ISO costs not otherwise included in any of the defined cost components in this TC. Seller will reasonably determine an Account's monthly Ancillary Services And Other ISO Costs based on the Account's \$/kWh share of cost for Ancillary Services And Other ISO Costs or otherwise reasonable allocation method as Seller may determine from time to time based on how Ancillary Services And Other ISO Costs are assessed by the ISO.

"**Auction Revenue Rights**" means revenue credits resulting from the annual financial transmission rights auction conducted by the ISO that are applicable with respect to transmission peak load contribution.

"**Capacity Costs**" means a charge for fulfilling the capacity requirements for the Account(s) imposed by the ISO or otherwise.

"**Covered Bandwidth**" does not apply to this TC.

"**Energy Costs**" means a charge for the cost items included in the Locational Marginal Price for the ISO zone identified in the Account Schedule

"**Holdover Fee**" means a cost of \$.005250 per kWh in the holdover rate.

"**Line Loss Costs**" means the costs (to the extent not already captured in the applicable Energy Costs) applicable to each Account based on the kWh difference between the UDC metered usage and the ISO settlement volumes. If Line Loss Costs are "Fixed," the Line Loss Costs are included in the Energy Costs and will not be invoiced as a separate line item. If Line Loss Costs are "Passed Through," the Line Loss Costs will be invoiced as a separate line item and calculated based on the applicable fixed price or locational marginal price for the corresponding usage.

"**LMP**" or "**Holdover Market Price**" means the ISO-published Day Ahead locational based marginal price for the ISO zone applicable to each Account expressed in \$/kWh. Such prices are published hourly or sub-hourly depending on the ISO.

"**Non Time Of Use**" or "**NTOU**" means all hours of each day.

"**Off Peak**" means all hours other than Peak hours.

"**Payment Date**" means the date 20 days following the invoice date, by which Customer's payment to Seller is due without offset or reduction of any kind.

"**Peak**" means the hours designated as peak from time to time by the UDC.

"**Pricing Schedule**" means "Transaction Confirmation" or "TC".

"**Renewable Portfolio Standards Costs**" means the costs associated with meeting renewable portfolio standards costs at the levels required by currently applicable Law. If Renewable Portfolio Standards Costs are not included in the contract price, such costs for a particular month will be the product of (i) the Monthly RPS Price; and (ii) an Account's monthly kWh usage. The Monthly RPS Price is the price of renewable portfolio standards compliance for the Account, for a particular month, fixed by reference to the renewable portfolio standards forward price curve for the state where the Account is located.

"**Transmission Loss Credits**" means the credit amounts applicable to the Accounts under the ISO's marginal loss construct.

"**Utility**" means the "local electricity distribution company" or "UDC".

**Section 2.1. Initial Term.** With respect to each Account set forth in the Account Schedule below, electricity supply shall commence on or about the date set forth under "Start Date", and end on or about the date set forth under "End Date" in accordance with the terms of the Agreement. Service may be extended for a holdover term as described in the Master Agreement.

**Section 2.2. Seller and UDC Contact Information.** Customer may contact Seller regarding its invoice or other matters concerning this TC at Seller's Customer Service Department by toll-free telephone at 844-636-3749, or email at CustomerCare@Constellation.com. **CUSTOMER AGREES TO CONTACT ITS UDC IN THE EVENT OF A POWER OUTAGE OR OTHER ELECTRICITY RELATED EMERGENCY AT THE FOLLOWING TELEPHONE NUMBERS:**

UDC Name	UDC Abbreviation	Contact Numbers
Bangor Hydro Electric	BHE	1-800-440-1111
Central Maine Power Company	CMP	1-800-696-1000

Maine Public Utilities Commission. Additional information, including information on consumer rights, may be obtained by contacting the Maine Public Utilities Commission at (207) 287-3831.

**Section 2.3. Miscellaneous.** For Account(s) located in the State of Maine:

(i) Withdrawal from the ISO. Any withdrawal of the Utilities located in the State of Maine (the "Maine Transmission and Distribution Utilities") from the ISO, which is the New England Regional Transmission Organization approved by the Federal Energy Regulatory Commission, or any action taken to restructure or otherwise significantly change the participation of the Maine Transmission and Distribution Utilities in ISO (including but not limited to the situation where the Maine Transmission and Distribution Utilities form an independent transmission company managing access to Maine's transmission system or join a Canadian transmission system) (the "**Maine Restructuring Event**") shall be deemed a Change in Law pursuant to the Master Agreement and Seller has the right to adjust upward the amounts payable by Customer under this Agreement to take account of such circumstances. Notwithstanding any other provision of this Agreement, where a Maine Restructuring Event has occurred or is occurring and Seller is

FOR INTERNAL USE ONLY

unable to carry out its obligations under this Agreement due to such Maine Restructuring Event, Seller shall have the right to terminate this Agreement by providing Customer thirty (30) days prior written notice.

(ii) Disclosure of Risks and Costs Associated With Real-Time or Indexed Electricity Products. Maine regulations require that electricity suppliers, brokers and aggregators provide the following disclosure to customers regarding electricity products in which the prices paid by consumers vary with changes in wholesale electricity prices, other energy prices, or an energy price index. Customer acknowledges:

- (a) Volatility Risk: Electricity prices may be subject to substantial volatility based on economic conditions, fuel prices, seasonal electricity demands, generator outages, weather and other factors;
- (b) Future Performance: Past results regarding particular electricity products are not necessarily an indication of future results;
- (c) Additional Costs: Electricity supplied directly through the ISO-NE administered day-ahead and real-time energy markets can involve substantial direct and indirect costs, including but not limited to capacity and ancillary service costs, credit assurances, and NEPOOL and ISO expense assessments. In addition, participation in these markets may require processes such as load forecasting, scheduling, and settlement in accordance with ISO-NE market rules.

[  ] Please initial your acknowledgement to the Disclosure of Risks and Costs Associated with Real-Time or Indexed Electricity Products.

(iii) Certain Warranties. Customer warrants and represents that the electricity supplied under this Agreement is not for use at a residence. For Account(s) located in the State of Maine, Customer represents and warrants that Customer's AGGREGATE PEAK LOAD DURING ANY 12 MONTH PERIOD IS GREATER THAN 20 KILOWATTS.
