RIDER A

Scope of Work and/or Specifications

The purpose of this master agreement is to procure APC UPSs, related parts, software, and cabling for a period of 3 years. All delivery orders will be subject to the terms, conditions, and prices of this master agreement.

The State of Maine, Office of Information Technology (OIT), has chosen APC Uninterruptible Power Supplies (UPS) as its UPS solution for the protection of the State of Maine's distributed voice and data network infrastructure, with an installed base of more than 500 APC UPSs across the State. OIT uses APC UPS equipment and has built its service and status monitoring around that equipment. OIT uses SolarWinds Orion network performance monitoring software to monitor UPS status/performance and to alert when issues arise, or replacement is required. OIT operates two major data centers in Augusta, Maine. Data center UPS service and support has been procured separately and is out of the scope of this agreement.

Planning and Ordering

OIT will plan and size the UPS needed for each site. OIT will issue delivery orders for equipment. OIT will maintain records of UPS equipment in-service.

Warranty, Maintenance and Support

All product supplied under this agreement must be priced to include standard warranty on the APC products. Vendor must provide Warranty information on each model the State of Maine utilizes in its current product set.

Disposal

The State of Maine will dispose of batteries through its standard surplus property process unless defective and returned for swap. Batteries, after removal from service, are returned to Augusta, Maine.

Terms:

- The State reserves the right to use the NASPO Value Point Computer Equipment and Peripherals Agreement if pricing is better through that channel.
- Equipment or parts to be delivered within 14 business days from the receipt of an order.
- All shipping and handling costs for delivery to Augusta, Maine must be included at no additional cost.
- If shipping is requested to a non-Augusta, Maine location, the State will pay any additional fees.
- Payment for equipment, parts, etc. after delivery of service/items to the State per standard terms.

- This master agreement is for three (3) years with two (2) one (1) year optional renewal extensions.

Master Agreement Prices:

- The master agreement prices attached and hereby incorporated into this contract will be in effect for a period of three years.

OIT may order other UPS equipment outside of the scope of this master agreement based on its technical requirements. The SMTL1500RM3UCNC 1500 VA Lithium ION with Management with Network Card pricing is request with a quantity of 10 because that is the most frequently installed model of UPS. All State of Maine departments are authorized to submit delivery orders pursuant to this master agreement.

 - d. That all workmanship, materials, and articles to be provided are of the best grade and quality, and
 - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

Neither the final certificate of payment nor any provision herein, nor partial nor entire use of the articles provided shall constitute an acceptance of work not done in accordance with this agreement or relieve the Contractor liability in respect of any warranties or responsibility for faulty material or workmanship. The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of

the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

3. TAXES: Contractor agrees that, unless otherwise indicated in the order, the prices herein do not include federal, state, or local sales or use tax from which an exemption is available for purposes of this order. Contractor agrees to accept and use tax exemption certificates when supplied by the Division as applicable. In case it shall ever be determined that any tax included in the prices herein was not required to be paid by Contractor, Contractor agrees to notify the Division and to make prompt application for the refund thereof, to take all proper steps to procure the same and when received to pay the same to the Division.

4. PACKING AND SHIPMENT: Deliveries shall be made as specified without charge for boxing, carting, or storage, unless otherwise specified. Articles shall be suitably packed to secure lowest transportation cost and to conform to the requirements of common carriers and any applicable specifications. Order numbers and symbols must be plainly marked on all invoices, packages, bills of lading, and shipping orders. Bill of lading should accompany each invoice. Count or weight shall be final and conclusive on shipments not accompanied by packing lists.

5. DELIVERY: Delivery should be strictly in accordance with delivery schedule. If Contractor's deliveries fail to meet such schedule, the Division, without limiting its other remedies, may direct expedited routing and the difference between the expedited routing and the order routing costs shall be paid by the Contractor. Articles fabricated beyond the Division's releases are at Contractor's risk. Contractor shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet delivery schedule, and, unless otherwise specified herein, no deliveries shall be made in advance of the Division's delivery schedule. Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

6. FORCE MAJEURE: The State may, at its discretion, excuse the performance of an obligation by a party under this Agreement in the event that performance of that obligation by that party is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw

materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party. The State may, at its discretion, extend the time period for performance of the obligation excused under this section by the period of the excused delay together with a reasonable period to reinstate compliance with the terms of this Agreement.

7. INSPECTION: All articles and work will be subject to final inspection and approval after delivery, notwithstanding prior payment, it being expressly agreed that payment will not constitute final acceptance. The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment. Rejected material may be returned at Contractor's risk and expense at the full invoice price plus applicable incoming transportation charges, if any. No replacement of defective articles of work shall be made unless specified by the Division.

8. INVOICE: The original and duplicate invoices covering each and every shipment made against this order showing Contract number, Vendor number, and other essential particulars, must be forwarded promptly to the ordering agency concerned by the Vendor to whom the order is issued. Delays in receiving invoice and also errors and omissions on statements will be considered just cause for withholding settlement without losing discount privileges. All accounts are to be carried in the name of the agency or institution receiving the goods, and not in the name of the Division of Purchases.

9. ALTERATIONS: The Division reserves the right to increase or decrease all or any portion of the work and the articles required by the bidding documents or this agreements, or to eliminate all or any portion of such work or articles or to change delivery date hereon without invalidating this Agreement. All such alterations shall be in writing. If any such alterations are made, the contract amount or amounts shall be adjusted accordingly. 11. NON-APPROPRIATION: Notwithstanding any other provision of this Agreement, if the State does not receive sufficient funds to fund this Agreement and other obligations of the State, if funds are de-appropriated, or if the State does not receive legal authority to expend funds from the Maine State Legislature or Maine courts, then the State is not obligated to make payment under this Agreement.
