This proposed corridor project from CMP will do nothing but spoil our great state's natural resources and ruin outdoor tourism for a major section of Northern Maine. A project of this magnitude will cause nothing but devastation to the land, animals, etc. that Maine is so cherished for. All for what? Money in the pockets of a few? Cheaper power for MA.? Maine gets NOTHING out of this deal, it reeks of back room politics and with our new Governor who, ran for office on the idea of being opposed to this...and won, because the good hearted people who voted her in trusted her with this. She should hang her head in shame for now trying to push it through.

Please listen to the voice of Mainers and stop this NOW
