Dear Maine DEP,

As A Maine citizen and registered voter, I am asking the Maine DEP to take whatever steps are necessary to stop the construction of the CMP/HYDRO-QUEBEC transmission line corridor. I understand the benefits of providing renewable energy, but this project provides that to Massachusetts and not Maine and leaves us to deal with the environmental impacts both now and for lifetimes to come. Please, please do not allow that to happen.

Thanks you for your consideration,
Rob Wilder
Sanford, Maine
