**To whom it may concern,**

**I read the application that was accepted and under consideration for the Silver Maple Wind Project in Clifton, Maine. The application leaves out many of the neighboring town negative impacts. You cant pick and choose just a few, you need to evaluate the full impact.**

**The Silver Maple expansion will have potential negative impacts for many ponds including the loss of a pristine views, and noise pollution to name a few. I believe wind turbines have their place but Clifton, Maine is not one. I am opposed this proposal.**
