1	UNIVERSAL WASTE CENTRAL ACCUMULATION FACILITIES (by Town) September 16, 2009											
2	Please note: Some of the facilities listed here operate as accumulation facilities for their own universal waste only and cannot accept waste from outside. These facilities are designated as "generator owned" in the far right hand column. The transfer stations and recycling centers may take universal waste from households and possibly from small businesses in their service area. If you are unsure whether your waste can be accepted, please call ahead to confirm.
