

### Appendix E. Facility Type Associations

There are limitations to which facility types can be combined with other facility types for one CWNS ID in the DEP. Tables E-1 through E-4 provide these association rules.

**Table E-1. Wastewater Facility Type Associations**

Facility Type	Treatment Plant	Collection: Interceptor Sewers	Collection: Combined Sewers	Collection: Separate Sewers	Storage Facility	Collection: Pump Stations	Biosolids Handling	Water Reuse	Desalination (Wastewater Infrastructure)	Honey Bucket Lagoon
