

Maine Center for Disease Control and Prevention  
**Monthly STD/HIV Data Update**  
Cases diagnosed from January 1<sup>st</sup> to November, 30<sup>th</sup>, 2009

This Monthly Update provides summary year-to-date (YTD) data about HIV and STDs in Maine. For each disease, the YTD total is shown and compared with the median\* YTD values for the last five years. Please note that data presented here may change due to reporting delays or pending epidemiologic investigations.

**For more information** contact: Robert Funa at (207) 287-5193 or robert.funa@maine.gov
