

Notice of Agency Rule-making Proposal

AGENCY: 13-188-Department of Marine Resources

CHAPTER NUMBER AND TITLE: Chapter 34.07 Atlantic Halibut Season

TYPE OF RULE (*check one*): Routine Technical Major Substantive

PROPOSED RULE NUMBER (*leave blank; to be assigned by Secretary of State*):

BRIEF SUMMARY:

In May 2020, the Department of Marine Resources adopted an emergency rule in order to remain within the state waters subcomponent of the federal Annual Catch Limit, and to prevent accountability measures from being triggered if the Allowable Biological Catch is exceeded. The Department incorporates the emergency changes via this regular rulemaking. This rulemaking reduces the length of the state waters halibut season by one week at each end of the season (resulting in a season of May 18-June 13). This action is intended to protect and conserve the halibut resource in compliance with the federal management plan and avoid future implementation of accountability measures.
