Dear Bass Club Representative:

The 2024 Bass Tournament Permit Drawing (drawing) will be held virtually on **December 14, 2023 (Zoom instructions attached)**. Clubs must pre-register no later than **Monday, November 20, 2023**. Attached is additional information on the bass tournament drawing and rules as well as our website: www.maine.gov/ifw.

Please make sure your club has submitted all required 2023 aquatic plant and live well inspection forms no later than **November 10, 2023; registration forms received from clubs who have outstanding aquatic plant and live well inspection forms will be returned.**

The Department has recently undergone minor rule changes under Chapter 2. Rules Pertaining to Commercial Fishing, Fish Culture and Fishing Derbies and Tournaments; these rules will take effect January 1, 2024. Notable changes: no derby or tournament shall occur at a public access facility in a manner that prevents non-event participants from launching and retrieving watercraft; for watercraft that pre-fish prior to a permitted event, or continue to fish following an event, an aquatic plant inspection must be completed; tournaments are not allowed in those waters managed under the North Zone general law (exceptions: Indian Pond in St. Albans, Great Moose Lake, Schoodic Lake, Sebec Lake and Wesserunsett Lake); and removal of limits on club vs open weigh in tournaments. For more information, please see the attached Chapter 2. Rules Pertaining to Commercial Fishing, Fish Culture and Fishing Derbies and Tournaments.

Bass tournaments may only be conducted on the water body as named on the permit; the Department retains the authority to change these boundaries as necessary to appropriately manage these waters for multiple user groups.

Applications for each tournament selected at the drawing **must be completed and submitted** to the Department, along with applicable fees, **no later than January 26, 2024**. Permits will not be issued if applications are not received by this date and those dates/waters will be released to other applicants.

Please remember that the 3rd Saturday in July is loon count and no tournaments on that date will be allowed to start assembling before 9:00 AM (July 20, 2024).

The annual tournament for the Special Olympics will be held on May 5, 2024 on Cobbosseecontee Lake.

Requests for Multi-day tournament permits will not be accepted from November 17, 2023, until December 15, 2023, while we prepare for the drawing. The following water bodies are already taken for multi-day events in 2024:

China Lake – September 28th and 29th
Cobbosseecontee Lake – October 12th and 13th
Great Pond – October 5th and 6th
Sebasticook Lake – September 7th and 8th

Thank you for your part in providing the requested information in a timely manner to support a successful Drawing. Please feel free to call if you have any questions or concerns.

Sincerely,

Francis Brautigam, Director of Fisheries

2. Provide a current listing of club officers and members along with a signed affidavit affirming that the club (consisting of at least 5 members), although not affiliated with any nationally recognized bass fishing organization, is a bona-fide independent fishing club. C. Requirements (General)

1. Any bass club which sponsors a bass tournament must submit a completed bass tournament questionnaire, when requested to do so by an agent of the Commissioner, provided that such request must be made in writing to the sponsoring club prior to the day of the tournament.
2. Each tournament requires at least two aquatic plant and live-well inspectors, who have participated in an aquatic plant and livewell inspection training program within the last five years, to conduct weed and live-well inspections. Each watercraft will first be inspected immediately before a tournament participant launches prior to the tournament and for a second time after retrieval from the water immediately after the conclusion of the tournament for that participant. For watercraft that pre-fish prior to a permitted event, or continue to fish following the permitted event, an aquatic plant inspection must be completed by the operator, a passenger, or an available courtesy boat inspector.
3. All anglers in the tournament must possess a valid Maine fishing license unless of an age where a license is not required.
4. Bass tournament watercraft must be specifically identified in a plainly visible manner and a roster of participants must be available on site.
5. Only one permit will be issued on a waterbody for a specific date.
6. All fishing will be restricted to artificial lures.
7. No weigh-in bass tournaments will be permitted on a body of water less than 500 surface acres.

Youth tournaments are to be Catch/Measure/Release only. There will be no application fee for Youth tournament permits.
 - b) For Weigh-In tournaments in waters managed by MDIFW under the South Zone General Law, all bass retained shall be kept in a livewell being operated with the pump(s) in a mode that constantly exchanges livewell water with fresh lake or river water as a flow-through system, except when watercraft are being operated under power of the main outboard while changing locations, or while motoring to shore immediately prior to weigh-in, at which time the pump(s) may be operated in a manner that aerates a fixed volume of water in the livewell. All bass taken shall be returned to the water from which it was caught, unharmed as far as possible, at the conclusion of the tournament day. The daily limit shall be 5 bass per participant with no weight limit.
11. The total cash value of prizes for single-day tournaments shall not exceed \$25,000.

17. No bass tournament shall occur at a public water access facility in a manner that prevents non-event participants from launching and retrieving watercraft.

D. Multi-Day-Tournaments

The following section applies to multi-day bass tournaments and shall be considered “in addition to” the requirements listed in Sections 2.05.B and 2.05.C above.
