Maine's State ATV Program

Maine's state ATV program is critical to the economics of many rural Maine communities. It provides a funding mechanism for ATV clubs to work with landowners and provides a trail network that is attractive to both resident and non-resident ATV enthusiasts. Governor Mills convened an ATV Task Force in 2019 and in 2020 the Task Force provided several focal points as initiatives to keep the world of ATVing in Maine a success. Learn more at mefishwildlife.com/atvtaskforce or maine.gov/dacf/parks/trail_activities/atv/index.shtml.

Where does your ATV registration money go?

When an individual registers their ATV in Maine, the registration fee is currently split between two state agencies: the Maine Department of Inland Fisheries and Wildlife for safety education, law enforcement, the state's landowner relations program, and administrative processing of registrations; and the Off-road Recreational Vehicle Office of the Maine Department of Agriculture, Conservation and Forestry (ACF)'s Bureau of Parks and Lands, which is charged with establishing a statewide trail network, providing development and maintenance grants to clubs and municipalities, conducting landowner relations, and coordinating and supporting ATV clubs. For every ATV registration purchased, over ⅔ of the fee goes directly into the trail maintenance fund.

What are ATV trail grants?

ATV Trail grants are funded through a portion of registration fees for creation, improvement, and maintenance of local trails. Grants can be issued directly to an ATV club or through a municipality or county, with conditions attached to either option. Once the work is completed, the club or municipality is reimbursed (100% for club grants and 90% for municipal grants). A reimbursement of \$500 per year for landowner relations initiatives or events is also available with either grant type.

How do ATV clubs contribute?

Clubs are critical to Maine's ATV program, and at the heart of its success. They apply directly for club grants and often are appointed to carry out municipal grant work. When constructing or maintaining trails, clubs pay for the entire expense upfront and then are reimbursed with grant funds. Clubs provide a valuable link between ATV riders, businesses, landowners and first responders. The future of ATV riding depends upon more people joining clubs, to grow on a wider and more consistent scale the professionalism and service-minded values that well-trained volunteer members demonstrate in the following ways:

TRAIL STEWARDSHIP

Club members work with landowners (public and private) to locate, design, construct, map, and maintain trails. This includes weekly monitoring (checking general condition and ensuring there is no environmental damage from off-trail riding, etc.) and routine maintenance (clearing brush, filling small holes, small culverts, etc.).

LANDOWNER RELATIONS

Clubs are the initial contact with local landowners and the main contact to establish, close, and relocate trails. They also help find and provide solutions that address landowners' needs.

EMERGENCY ASSISTANCE

ATV club members know their trails inside and out, and often step in to provide equipment, personnel, and guidance for first responders. They also help to identify and locate problem users.

RIDER EDUCATION AND OUTREACH

ATV club members promote safe, ethical, environmentally sound riding and positive landowner relations, leading by example and through education/outreach. Their communication methods include publishing newsletters, newspapers, and social media communications; conducting safety and maintenance clinics; and sponsoring ATV outings.

GPS RECORDING AND MAPPING

ATV clubs help collect GPS data on their trail system so it can be accurately mapped for insurance protection and to provide guidance to users as well as landowners and first responders.

KNOW YOUR TRAIL MARKERS

Maine has an amazing network of trails making it possible for ATV and snowmobile riders to explore thousands of miles across the state. Access to these trails is made possible thanks in part to many generous private landowners.

To ensure access to these trails remains open for recreational use, please respect landowners and stay on the marked trails!

Trail is OPEN to snowmobile use. These markers may also include additional information about the trail.

Trail is OPEN to ATV use. These markers may also include additional information about the trail.

Note: Interconnected Trail System (ITS) trails are not always open to ATV use. ITS trails that are open to ATV use will be posted with ATV trail markers.

ATV & SNOWMOBILE SAFETY

ATV & Snowmobile Safety

Taking a ride on an ATV, UTV or snowmobile is a great way to be active and enjoy the beautiful Maine outdoors. Following safety precautions, rules and common sense are necessary ways to ensure your ride on one of these machines is as safe as it is fun.

ATVs and UTVs are intended for off-road use and may be difficult to control on pavement and other surfaces. Different ATV models handle differently so it's important to familiarize yourself with each machine you ride by reading the owner's manual and following the safety, maintenance and operational guidelines.

Because ATVs can cause serious injuries if used improperly, riders should also know their own abilities and limitations and never overdrive their machine just to keep up with others or impress someone.

If you have a youngster who is about to ride an ATV, there are special considerations that you should keep in mind. Although a child may be the recommended age to ride a particular size ATV, not all youngsters have the strength, skills, or judgment need-

ed to operate an ATV. You should supervise your youngster's operation of the ATV at all times, and should permit continued use only if you determine that your youngster has the ability and judgment to operate the ATV safely. You should also read Parents, Youngsters and ATVs, available from ASI.

For more information about ATV Safety, call the Consumer Product Safety Commission at 1-800-638-2772 or the ATV Distributors' Safety Hotline at 1-800-852-5344.

Remember, Maine requires riders under 16 years of age to successfully complete an ATV safety course and be accompanied by an adult but for a few exceptions. In addition, follow helpful manufacturer's recommendations (not law) listed to the right that provide minimum ages for ATV Model Sizes.

ATV MODEL SIZE	MINIMUM AGE
Under 70cc	6 years and older
70 – 90cc	12 years and older
Over 90cc	16 years and older

Be Cautious...ATVs are not toys. Serious injury can result from improper use of ATVs, but with preparation and practice, you can safely develop and expand your riding skills. Riding ATVs can be an enjoyable form of outdoor recreation when done properly.

In addition to the information provided in this booklet, it is important to carefully

read and follow the instructions and warnings contained in the ATV owner’s manual and labels. ATVs handle differently from other vehicles, such as motorcycles and cars. Proper instruction and practice are important.

Having a pre-ride safety checklist is a good idea for all riders and includes checking the mechanical condition of the machine and making sure you have spare parts, survival items and personal items needed for safety and comfort.

Riders should also leave a trip plan with someone else that lists their destination, travel times, contact information and anything else that could aid in finding a rider who gets lost or injured.

When it comes to snowmobiling, the safest rule is to never cross lakes or rivers, since doing so puts you at risk of plunging through the ice. If you decide to snow-

mobile on ice, make sure the ice is safely frozen and only trust your own judgment.

Drowning is a leading cause of snowmobile fatalities so buying a buoyant snowmobile suit could be a life-saving decision. If you do go through the ice, your helmet and snowmobile suit, even if it’s non-buoyant, may keep you afloat for several minutes. Try sliding back onto the ice, using anything sharp to dig in for pull. Kicking your feet like a seal can help propel you onto the ice.

If the ice keeps breaking, continue moving toward the shore or the direction from which you came. Don’t remove your gloves or mitts. Once on the ice, you should roll away from the hole, making sure not to stand up until you are well away from it.

RECREATIONAL SAFETY DIVISION

Do you need to take a safety course to operate an ATV?

Maine law requires a person 10 years of age or older but under 16 years of age to successfully complete a training program, with that person’s parent or guardian prior to operating on land other than that owned or leased by their parent or guardian or on which they live. These courses are made available in your area by volunteer instructors certified by the Maine Department of Inland Fisheries and Wildlife. Pre-registration is requested and/or required. Courses will include 6 hours of instruction. Sponsors include school districts, sports clubs, civic groups, and others. Courses will be scheduled based on instructor availability.

Find a course and learn more at mefishwildlife.com/safetycourses or call (207) 287-5220.

DON’T FORGET TO SUPPORT YOUR LOCAL SNOWMOBILE AND ATV CLUBS!

ICE THICKNESS

In the wintertime, outdoor enthusiasts frequently need to know how thick the ice is and whether it is safe to walk across it. The American Pulpwood Association has published a handy reference chart that gives a good rule-of-thumb for pond and lake ice thickness.

This table is for clear, blue ice on lakes. Reduce the strength values by 15% for clear blue river ice. Slush ice is only one-half the strength of blue ice. This table does not apply for parked loads.

Snowmobile operators should also always know the area they ride in, ride at safe speeds, signal their riding intentions, watch for other snowmobilers and never operate under the influence of drugs or alcohol.

Always remember: ATVs, UTVs and snowmobiles are not toys, so taking these precautions can mean the difference between an enjoyable time and a dangerous one.

WHAT WE DO WHEN NO ONE IS WATCHING

Roughly 94% of Maine's forest land is privately owned, and more than half of that land area is open to the public. In total, landowners voluntarily open up more than 10 million acres of working farms and forests.

This access is an incredible gift, and in order to preserve it, everyone who ventures outdoors needs to understand the contribution that landowners make.

The private land you use for recreation belongs to someone else. Access is a privilege, not a right.

The Maine Department of Inland Fisheries and Wildlife encourages all land users to voluntarily seek permission whenever possible. In turn, the Outdoor Partners landowner relations program would ask all landowners to consider using the courtesy card system.

Respecting the property rights of landowners will lead to positive and cooperative relationships—and a positive, productive experience. It's not only a courtesy — it's the right thing to do.

For more information call the Landowner Relations Coordinators, Kris MacCabe or Rick LaFlamme, at (207) 287-5240 or visit mefishwildlife.com. ■

OPERATING UNDER THE INFLUENCE

Prohibition. Prohibitions against operating under the influence are as follows:

A person may not operate or attempt to operate a recreational vehicle:

- While under the influence of intoxicating liquor or drugs or a combination of liquor and drugs;
- If 21 years of age or older, while having 0.08% or more by weight of alcohol in that person's blood; or
- If less than 21 years of age, while having any amount of alcohol in the blood.

Penalties. A person who violates this section commits a Class D crime. In determining an appropriate sentence, refusal to submit to a chemical test must in every case be an aggravating factor. In the following cases the following minimum penalties apply.

A. In the case of a person having no previous convictions of a violation of

subsection 1-A within the previous 6-year period, the fine may not be less than \$400. If that person was adjudicated within the previous 6-year period for failure to comply with the duty to submit to and complete a blood-alcohol test under section 10702, subsection 1, the fine may not be less than \$500. A conviction under this paragraph must include a period of incarceration of not less than 48 hours, none of which may be suspended, when the person:

- Was tested as having a blood-alcohol level of 0.15% or more;
- Failed or refused to stop upon request or signal of an officer in uniform, pursuant to section 6953 or 10651, during the operation that resulted in prosecution for operating under the influence or with a blood-alcohol level of 0.08% or more; or
- Failed to submit to a chemical test to determine that person's blood-alcohol

level or drug concentration, requested by a law enforcement officer on the occasion that resulted in the conviction.

Administering chemical tests; test results; evidence; reporting; immunity blood or breath test. If the law enforcement officer has probable cause to believe a person hunted wild animals or wild birds or operated or attempted to operate a watercraft, snowmobile, or ATV while under the influence of intoxicating liquor, then the officer shall inform the person that a breath test will be administered, unless, in the determination of the officer, it is unreasonable for a breath test to be administered, in which case a blood test must be administered. The law enforcement officer may determine which type of breath test, as described in subsection 5 will be administered. For more detailed information see Title 12, chapter 911, subsection 10703.

Title 17 MRSA, §2510**Unlawful cutting of trees**

- Signs must indicate that access is prohibited, that access is prohibited without permission of the landowner or landowner's agent, or that access for a particular activity is prohibited.
- One vertical "OSHA Safety Purple" stripe at least one inch in width and at least 8 inches in length means "Access by Permission Only" when it is placed on trees, posts or stones between three and five feet off the ground.

These signs or paint stripes must mark the property at distances no more than 100 feet apart at locations that are readily visible to any person approaching the property, and at all vehicular access entries from a public road.

- In addition, landowners may also, either verbally or in writing, personally communicate to others that access is prohibited.

Remember, it is unlawful to remove, mutilate, deface or destroy a sign or paint mark that is placed in order to prohibit or restrict access; and it is unlawful to post the land of another without permission of the landowner.

The owner of a recreational vehicle, the person who gives or furnishes that recreational vehicle to a person under 18 years of age and the parent or guardian responsible for the care of that minor are jointly and severally liable with the minor for any damages caused in the operation of the recreational vehicle by that minor.

These portions of the revised statutes are summarized. For full text refer to the Maine Revised Statutes. ■

§13155 – Registration

- 1-A. **Operating unregistered ATV.** Except as provided in paragraph A and sub-

section 5-B, a person may not operate an ATV that is not registered in accordance with subsection 3.

A. The following exceptions apply.

- (1) Registration is not required for an ATV operated on land that the ATV operator owns or leases, regardless of where that ATV operator is domiciled, as long as the ATV is not operated elsewhere within the jurisdiction of the State.
- (2) Registration is not required for an ATV operated by a commercial ski area for the purpose of packing snow or for rescue operations on the commercial ski area, unless the ATV is required to cross a public way during that operation.
- (3) An ATV owned and operated in the State by the Federal Government, the State or a political subdivision of the State is exempt from registration fees but must be registered and is required to display registration numbers.
- (4) An ATV registration for the farm use specified in Title 29-A, section 501, subsection 8, paragraph E is not required for a vehicle registered with the Secretary of State under Title 29-A, section 501, subsection 8.
- (5) An ATV registered in another state or in a Canadian province may be operated without being registered pursuant to this section at a special event organized to occur in this State if the special event organizer submits a request in writing to the commissioner 60 days prior to the special event and provides the commissioner with a map of the trails to be used during the special event and the commissioner approves the request.
- (6) An ATV owned or under the control of an ATV manufacturer may be operated without a Maine registration at a demonstration event organized to occur in this State if such operation is approved by the commissioner. An ATV manufacturer or a representative of an ATV manufacturer must submit a request in writing to the commissioner at least 60 days prior to the demonstration event and shall include a description and the location of the event.

- (7) The Commissioner may annually establish one 3-consecutive-day period, 2 days of which are weekend days, during which a non-resident may operate an ATV that is not registered in Maine, if the non-resident's ATV has a valid registration from another state or a Canadian province.

2. **Reciprocity.** Reciprocity was repealed in 2004 so there are no longer reciprocal privileges for ATV registrations. A Maine ATV registration is required for nonresidents to operate an ATV in the State of Maine.

3. **Updated law in 2021: Application and issuance.** The commissioner, or an agent designated by the commissioner, may register and assign a registration number to an ATV upon application and payment of a fee by the owner. The commissioner shall charge a fee of \$1 in addition to the fee for each registration issued by an employee of the department. The registration number in the form of stickers issued by the commissioner must be clearly displayed on the front and rear of the vehicle. An annual registration is valid for one year commencing July 1st of each year, except that any registration issued prior to July 1st but after May 1st is valid from the date of issuance until June 30th of the following year. A registration agent shall provide to the person who requests to register an oversized ATV under subsection 5-B a written form developed and provided by the department explaining the size and weight restrictions for registering that ATV, including whether it qualifies for registration, and explaining the provisions of section 13157-A regarding the operation of oversized ATVs on designated state-approved ATV trails. The department has developed a form for use by registration agents under this subsection.

- 4. Form of registration.** An ATV registration must be in such form as the commissioner may determine.
- 5. Fees.** See page 7
- 5-B. New law in 2021: Oversized ATV; exception.** A person may not register an oversized ATV except as provided in this subsection. A resident who has registered an oversized ATV prior to January 1, 2022 may continue to register that oversized ATV upon payment of the fee specified in subsection 5, paragraph A, and upon a transfer of ownership of that registered oversized ATV, the new Maine resident owner may also register that oversized ATV upon payment of the fee specified in subsection 5, paragraph A. Registration is not required for an oversized ATV operated by a person on the land of another if written permission is received from the landowner or lessee of the land and the person is engaged solely in a business activity, other than a business activity involving recreational use of the oversized ATV. For purposes of this subsection, “oversized ATV” means an ATV that is wider than 65 inches or weighs more than 2,000 pounds according to the manufacturer’s specifications.
- 5-C. New law in 2021: Antique ATV.** A person who owns an antique ATV may register that ATV under this subsection as an antique ATV. Notwithstanding subsection 5, the fee for an antique ATV registration is \$45. An antique ATV registration is valid until the ownership of the ATV is transferred to another person. Notwithstanding section 10206, all registration fees for antique ATVs must be deposited in the General Fund.
- 6. Duplicate registration certificate.** The holder of a registration certificate issued under this section may obtain a duplicate registration from the commissioner upon application and payment of a duplicate fee of \$1. If a sticker has been misplaced, a new sticker and a new registration matching the new sticker number must be obtained at a fee of \$1 each. Agent fee also applies to all duplicates.
- 7. Transfer of ownership, discontinuance of use.** A transfer of ownership or discontinuance of use of an all-terrain vehicle is subject to this subsection.
- A. Whoever transfers the ownership or discontinues the use of a registered all-terrain vehicle shall, within 10 days, properly sign the registration, indicate the disposition of the all-terrain vehicle and return the registration to the commissioner.
- B. An all-terrain vehicle owner who transfers ownership or discontinues its use may, within 10 days from the date of transfer or discontinuance, apply to the commissioner for registration of another all-terrain vehicle. The fee for the transfer is \$4, and the registration is valid for the remainder of the registration year for which the previous all-terrain vehicle had been registered.
- C. When there is a change of ownership of an all-terrain vehicle for which a registration has previously been issued, the new owner shall apply for a new registration and shall pay the applicable fee under subsection 5.
- 8-A. Updated law in 2021: Registration inspection.** An owner or operator of an ATV shall present a registration certificate or an online registration receipt for inspection by any law enforcement officer on demand. An owner or operator of an ATV may present a registration certificate or an online registration receipt in electronic form.
- 8-B. Notification of destroyed, abandoned, stolen, or permanently removed ATV.** The registrant shall notify the commissioner if an ATV is destroyed, abandoned, stolen, or permanently removed from the State.
- 9. Display of registration numbers.** Each new ATV sold in the State must have a space 6 inches in width by 3½ inches in height provided on the front and rear of the machine, as high above the tires as possible, for the vertical display of the registration numbers. A person may not operate an ATV that is required to be registered under this section unless registration numbers in the form of stickers are displayed in these spaces or as otherwise required by the department. A person may operate an ATV registered online without displaying a registration number until that person receives the registration certificate from the department or for 30 days after registering the ATV online, whichever occurs first.
- 10. Training and education.** The department shall provide training and education relating to ATVs.
- 11. Members of the armed forces permanently stationed in the State of Maine.** The following persons are eligible to register any ATV owned by them at the resident fee:
- A. A person serving in the Armed Forces of the United States who is permanently stationed at a military or naval post, station or base in the State; and
- B. The spouse and children of the person described in paragraph A, provided that the spouse and children permanently reside with that person.
- A member of the armed forces or the spouse or child of that member described in paragraph A who desires to register an ATV shall present certification from the commander of the post, station or base, or from the commander’s designated agent, that the member is permanently stationed at that post, station or base. Registration fees for registrations pursuant to this subsection must be allocated as if the person registering the ATV was a resident of the municipality in which the post, station or base is situated.
- 12. New law in 2021: Review of ATV registration fees and trail maintenance needs.** In consultation with the Department of Agriculture, Conservation and Forestry, the department shall review ATV registration fees and maintenance needs of designated state-approved ATV trails in 2022 and 2023 and every 2 years thereafter. The Commissioner of Inland Fisheries and Wildlife shall report the findings and recommendations from the review to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters by February 1st each year a review is required. The committee may report out legislation related to ATV registration fees and maintenance needs of ATV trails to the session of the Legislature in which the report is received.

§13157-A – Operation of ATVs

- 1-A. Updated law in 2021: Permission required.** A person may not operate an ATV on the land of another without the permission of the landowner or lessee. Permission is presumed on designated state-approved ATV trails or in areas open to ATVs by landowner policy. A landowner or lessee may limit the use of a designated state-approved ATV trail on that landowner’s or lessee’s property through agreements with the State or an ATV club to address environmental, public safety or management concerns, including by limiting the type, size and weight of ATVs permitted on the landowner’s or lessee’s property. A person operating an ATV, including an oversized ATV, on designated state-approved ATV trails shall adhere to limitations imposed by a landowner or lessee and the State on

that part of the designated state-approved ATV trail on the landowner's or lessee's property in accordance with this subsection. Written permission of the landowner or lessee is required for use of an ATV on cropland or pastureland or in an orchard. As used in this subsection, "cropland" means acreage in tillage rotation, land being cropped and land in bush fruits and "pastureland" means acreage devoted to the production of forage plants used for animal production. For purposes of this subsection, "oversized ATV" has the same meaning as defined in section 13155, subsection 5-B. Nothing in this subsection may be construed to limit or expand a landowner's or lessee's property rights.

2. Stop and identify requirement.

Persons operating ATVs upon the land of another shall stop and identify themselves upon the request of the landowner or the landowner's duly authorized representative.

3. Operating ATV upon controlled access highway.

The following provisions govern the operation of ATVs on controlled access highways.

A. A person may not operate an ATV upon a controlled access highway or within the right-of-way limits of a controlled access highway, except that:

- (1) A person on a properly registered ATV may cross controlled access highways by use of bridges over or roads under those highways or by use of roads crossing controlled access highways at grade;
- (2) The Commissioner of Transportation may issue special permits for designated crossings of controlled access highways.
- (3) A person on a properly registered ATV may operate the ATV within the right-of-way limits of a controlled access highway on a trail segment approved by the Commissioner of Transportation or the board of directors of the Maine Turnpike Authority, as applicable.

At the request of the Commissioner of Agriculture, Conservation and Forestry, the Commissioner of Transportation or the board of directors of the Maine Turnpike Authority, as applicable, may permit construction of an ATV trail within the right-of-way of a controlled access highway under the jurisdiction of the Department of Transportation or the Maine Turnpike Authority being constructed on or after

January 1, 2016 when there is an ability to provide for the continuity of a state-owned or state controlled network of ATV trails. Funds for the construction of an ATV trail under this paragraph may not be provided from the Highway Fund.

4. Unlawfully operating ATV on snowmobile trail.

A person may not operate any 4-wheel-drive vehicle, dune buggy, all-terrain vehicle, motorcycle or any other motor vehicle, other than a snowmobile and appurtenant equipment, on snowmobile trails that are financed in whole or in part with funds from the Snowmobile Trail Fund, unless that use has been authorized by the landowner or the landowner's agent, or unless the use is necessitated by an emergency involving safety of persons or property.

Exception: ATV's with tracks, registered as snowmobiles can be operated on a snowmobile trail.

5. Repealed

5-A. Operating a motor vehicle on an ATV trail.

A person may not operate a motor vehicle as defined in Title 29-A, section 101, subsection 42 on a designated ATV trail that is not on a gravel road system unless authorized by the landowner or landowner's agent, or in an emergency involving the safety of a person or property.

6. Operating ATV on public way.

Except as provided in this subsection, a person may not operate an ATV, other than an ATV registered with the Secretary of State under Title 29-A, on any portion of a public way maintained or used for the operation of conventional motor vehicles or on the sidewalks of any public way.

A. A properly registered ATV may be operated on a public way only the distance necessary, but in no case to exceed 500 yards, on the extreme right of the traveled way for the purpose of crossing, as directly as possible, a public way, bridge, overpass, underpass, sidewalk or culvert as long as that operation can be made safely and does not interfere with traffic approaching from either direction on the public way.

B. Repealed.

C. An ATV may be operated on any portion of a public way when the public way has been closed in accordance with Title 23, section 2953.

D. An ATV may be operated on a public way that is not maintained or used for the operation of conventional motor vehicles, except that operation on the left side of the way is prohibited during the hours from sunset to sunrise.

E. An ATV may be operated on streets and public ways during a period of emergency when the emergency has been so declared by a police agency having jurisdiction and when travel by conventional motor vehicles is not practicable.

F. An ATV may be operated on streets and public ways in special events of limited duration conducted according to a prearranged schedule under a permit from the governmental unit having jurisdiction.

G. An ATV may be operated on a public way on the extreme right of the traveled way by a law enforcement officer for the sole purpose of traveling between the place where the ATV is usually stored and an area to be patrolled by the law enforcement officer.

H. Notwithstanding paragraphs A to G, an ATV may be operated on the extreme right of a public way, or as directed by the appropriate governmental unit within the public way, of a municipality or an unorganized or unincorporated township if the appropriate governmental unit has designated the public way as an ATV-access route. An ATV must travel in the same direction as motor vehicle traffic on a public way designated as an ATV access route. A public way designated by an appropriate governmental unit as an ATV-access route must be posted conspicuously at regular intervals by that governmental unit with highly visible signs designating the ATV-access route.

Before designating a public way as an ATV-access route, the appropriate governmental unit shall make appropriate determinations that ATV travel on the extreme right of the public way, or as directed by the appropriate governmental unit within the public way may be conducted safely and will not interfere with vehicular traffic on the public way. For purposes of this paragraph, "appropriate governmental unit" means the Department of Transportation, county commissioners or municipal officers within their respective jurisdictions. The jurisdiction of each appropriate governmental unit over public ways pursuant to this paragraph is the same as its jurisdiction over the passage of vehicles on public ways pursuant to Title 29-A, section 2395. Municipal or county law enforcement officials having jurisdiction have primary enforcement authority over any route established under this paragraph.

- 7. Failing to stop ATV before entering public way.** A person shall bring an ATV to a complete stop before entering a public way.
- 8. Failing to yield right-of-way while operating ATV.** A person shall yield the right-of-way to all other types of vehicular traffic while operating an ATV on a public way.
- 9. Crossing closed bridge, culvert, overpass or underpass with ATV.** A person may not cross with an ATV a bridge, culvert, overpass or underpass closed to ATVs by the Commissioner of Transportation pursuant to this subsection. The Commissioner of Transportation may, following a public hearing, prohibit the crossing by an ATV of an individual bridge, culvert, overpass or underpass if the commissioner determines that that crossing or use of a public way is hazardous.  - (2) Operate or modify an ATV with an exhaust system that has been modified in any manner that will increase the noise emitted above the following emission standard:
 - (a) Each ATV must meet noise emission standards of the United States Environmental Protection Agency and in no case exceed 96 decibels of sound pressure when measured from a distance of 20 inches using test procedures established by the commissioner; or

- C. Snowmobiles owned and operated in this State by the Federal Government, the State or political subdivision of the State are exempt from registration fees, but must be registered and required to display numbers.
- D. Registration is not required to field test repairs to a snowmobile if valid snowmobile repair shop number plates issued under section 13110 are affixed to the snowmobile during the field test and the snowmobile is not owned by the snowmobile repair shop or any repair shop employee.
- E. Registration is not required to field test repairs to a snowmobile when tested on the premises of the repair shop when the shop is open and the snowmobile is not owned by the snowmobile repair shop or any repair shop employee. See page 22.

2. **Application and issuance.** The commissioner, or an agent designated by the commissioner, may register and assign a registration number to a snowmobile upon application and payment of a fee by the owner. The commissioner shall charge a fee of \$1 in addition to the fee for each registration issued by an employee of the department. The registration number in the form of stickers issued by the commissioner must be clearly displayed on both sides of the snowmobile. An annual registration is valid for one year commencing July 1st of each year, except that any registration issued prior to July 1st but after May 1st is valid from the date of issuance until June 30th of the following year.

(Antique snowmobiles are not required to display registration number or stickers). The one-time fee for an antique snowmobile registration is \$33* and can only be obtained at the Augusta office. 7. Snowmobiles of nonresidents; Maine-New Hampshire Cooperative Trails.

Except as specifically provided in this subsection and notwithstanding any other provision of law, a snowmobile belonging to a nonresident may be possessed or operated by any person in this State as long as the snowmobile is properly registered in this State in the name of a nonresident owner of the snowmobile. Nothing in this subsection authorizes the operation of a snowmobile in a manner contrary to this chapter.

- A. A nonresident is ineligible to obtain a resident registration for a snowmobile owned by that nonresident. Snowmobiles and grooming equipment registered to federal or state entities, snowmobile clubs, municipalities or counties from bordering states or provinces and engaged in trail grooming may be operated without being registered under this subsection. Snowmobiles registered in either New Hampshire or Canada may be operated on any lake or pond that is partly in both the State and New Hampshire or Canada without being registered in the State.
- B. A snowmobile registered in this State or in New Hampshire may be operated without further registration requirements on those portions of the Maine-New Hampshire Cooperative trails located in Maine. For purposes of this paragraph, "Maine-New Hampshire Cooperative trails" means:

- E. The commissioner may annually establish one 3-consecutive day period, 2 days of which are weekend days, during which a nonresident may operate in the State a snowmobile that is not registered in this State if the nonresident's snowmobile has a valid registration from another state or a Canadian province and if the nonresident has submitted notification under paragraph F.
- F. The commissioner shall establish an online notification process to promote seasonal nonresident snowmobile registration opportunities to nonresident snowmobile operators and to promote general snowmobile recreational activities in the State through regional state tourism organizations and a statewide organization with an interest in snowmobiling. The process must allow a nonresident who plans to operate in this State during the 3-consecutive-day period under paragraph E a snowmobile that is not registered in this State to provide information to the department using an electronic form accessible through the department's publicly accessible website. The commissioner may not require a fee to submit the electronic form. The electronic form must:
- (1) Briefly describe the purpose of this process and clearly indicate that the notification process is free;

Notwithstanding any other provisions of law, failure to comply with this paragraph is not a violation of any law or rule administered by the department. Nothing in this paragraph relieves a person of the person's responsibilities under any law or rule regulating the ownership or operation of a snowmobile in the State.

The commissioner shall adopt rules regarding the grooming and maintenance of the Maine-New Hampshire Cooperative Trails and reimbursement or payment for those services. The rules must allow reimbursement for grooming and maintenance services to be through direct cash payments by users of the Maine-New Hampshire Cooperative Trails or through in-kind services. The costs of grooming and maintenance must be based on the average per mile costs to Maine and New Hampshire of providing these services. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

Signs on Maine-New Hampshire Cooperative Trails. The Director of the Off-Road Vehicle Division of the Bureau of Parks and Lands within the Department of Agriculture, Conservation & Forestry shall work with the director of New Hampshire's snowmobile program to develop and place signs clearly identifying the Maine-New Hampshire Cooperative trails as defined in the Maine Revised Statutes, Title 12, section 13104, subsection 7.

 - B. Whenever ownership is transferred or the use of a snowmobile for which a registration has already

been issued is discontinued, the old registration must be properly signed and executed by the owner showing that the ownership of the snowmobile has been transferred or its use discontinued and returned to the commissioner within 10 days of the transfer or discontinuance of use.
