TALLY OF MAJORITY SIGN-UP AUTHORIZATIONS

On October 4, 2022, the Amalgamated Transit Union, Local 714 (Union) filed with the Maine Labor Relations Board a Petition for Bargaining Agent Certification by Majority Sign-up (Petition). Through the petition, the Union sought to add certain employees of the Greater Portland Transit District (Employer) to an existing bargaining unit currently represented by the Union. The proposed additions to the unit are:

All Dispatchers, Customer Service Employees, and Shuttle Bus Drivers

The proposed additions would result in an expanded bargaining unit, as reflected below:

Included: Dispatchers, Customer Service Employees, Shuttle Bus Drivers, Master Technicians, Technicians, Mechanics, Mechanics II, Parts Clerks, Fleet Care Workers, Cleaners, Master Building Maintenance Employees, Building Maintenance Employees, Utility Employees, and Bus Operators.

Excluded: All other employees, guards, supervisors, and managers.

With the petition, the Union submitted cards signed by certain individuals designating and authorizing the Union to serve as their bargaining agent. On October 18, 2022, the Employer provided a roster of the employees who encumber the proposed additional bargaining unit positions. On November 1, 2022, the undersigned Executive Director of the Maine Labor Relations Board conducted a review of the authorization cards to determine if a majority of eligible employees in the proposed additional bargaining unit positions authorized the Union to serve as their bargaining agent.

CERTIFICATION

Having reviewed the signed authorization forms, I have determined that a majority of the employees in the proposed additional bargaining unit positions designated the Amalgamated Transit Union, Local 714 as their exclusive agent for the purposes of collective bargaining. As a result, I, Neil P. Daly, Executive Director of the Maine Labor Relations Board, certify the Amalgamated Transit Union, Local 714 as the exclusive bargaining agent of the employees in the expanded bargaining unit described above.
