MEMORANDUM

TO: Governor Paul R. LePage<br>Members, Legislative Council<br>Members, Joint Standing Committee on Appropriations and Financial Affairs Members, Joint Standing Committee on Taxation<br>FROM: Commissioner Alexander E. Porteous<br>Department of Administrative and Financial Services

DATE: July 26, 2018
SUBJECT: Revenues - June

June General Fund revenues were over budget by $\$ 4.4$ million or 1.1 percent. For fiscal year 2018, General Fund revenues were $\$ 82.1$ million over budget ( +2.3 percent). Compared to last fiscal year, fiscal year 2018 General Fund revenues were up by 3.8 percent ( $+\$ 132.8$ million).

May taxable sales (June revenue) increased 7.9 percent over last year. For the month, sales and use and service provider taxes, combined, were $\$ 7.4$ million over budget, and for the fiscal year the two lines were a combined $\$ 11.4$ million over budget. In May, other retail sales increased by 17 percent, year-overyear, and general merchandise sales decreased by 1 percent. Automobile sales increased by 5.5 percent compared to last May. Restaurant and lodging sales were solid, with restaurants increasing by 5.8 percent and lodging sales increasing by 4 percent. Whether looking at the latest three-month period, the last twelve-month period, or the first five months of calendar year 2018, taxable sales have been increasing at a steady 5.5 percent. The tight state labor market and federal tax cuts are resulting in increased disposable income to Maine households, who are maintaining a steady growth in spending across the various business categories. Energy prices continue to be volatile but remain in a range that should not be a significant factor in household spending decisions during the remainder of the summer tourism season.

Individual income tax receipts were under budget in June by $\$ 11.8$ million, bringing the end of year positive variance to $\$ 40.4$ million ( +2.6 percent). Most of the monthly variance was from the second estimated payment of calendar year 2018 being under budget by $\$ 11.3$ million. The June estimated payment has been difficult to estimate in recent years as taxpayers begin to adjust payments to reflect differences in income between the prior and current tax years.

We believe this is a timing issue and expect the final two estimated payments and/or next April's final payment will ultimately account for June's variance. September is the next important month for individual income tax receipts, because the third estimated payment of the tax year is due on the $15^{\text {th }}$ of the month.

## $\underline{\text { Sales and Use Taxes }}$

Revenue was $\$ 7.3$ million over budget for the month and $\$ 14$ million over budget for the fiscal year. Revenue was $\$ 86.6$ million or 6.5 percent over prior fiscal year-to-date collections.

## Taxable Sales

Total taxable sales for the month of May (June revenue) were 7.9 percent over May 2017. The annual rate of change, excluding utilities, was 7.7 percent. Building supply sales were up 14.4 percent for the month and 7.1 percent for the calendar year. Sales of taxable items in food stores were up 6.3 percent for the month and up 3.8 percent for the year. General merchandise sales (primarily sales of goods sold in large department and discount stores) were down 1 percent for the month and up 2.6 percent for the year. Sales in other retail stores such as jewelry, drug, sporting goods, book, antique, pet, photo, toy, and craft stores were up 17 percent for the month and up 14.3 percent for the year. Auto/transportation sector sales were up 5.5 percent for the month and up 4.3 percent for the year. Sales of meals and other prepared foods increased 5.8 percent for the month and up 3.1 percent for the year. Lodging sales were up 4 percent for the month and up 20.3 percent for the year. Business operating sales (primarily use tax paid by businesses) were up 13 percent for the month and up 5.8 percent for the year.

## Service Provider Tax

Revenue was over budget for the month by $\$ 0.1$ million and was $\$ 2.6$ million under budget for the fiscal year. Revenue was $\$ 1.6$ million or 2.6 percent below prior fiscal year collections.

## Individual Income Tax

Revenue was $\$ 11.8$ million or 7.2 percent under budget for the month and $\$ 40.4$ million or 2.6 percent over budget for the fiscal year. Withholding payments ended the fiscal year 4.9 percent over fiscal year 2017. Estimated payments end the year up 7.4 percent and final payments were down 1 percent.

## Corporate Income Tax

Revenue was under budget for the month by $\$ 1.5$ million and for the fiscal year was over budget by $\$ 13.8$ million. Estimated payments were up 13.8 percent and final payments were up 0.4 percent during fiscal year 2017-18. Revenue was $\$ 10.5$ million or 6.0 percent over fiscal year 2016-17.

## Cigarette and Tobacco Taxes

Cigarette and tobacco products tax revenue was $\$ 2.8$ million over budget for the month and $\$ 3.9$ million or 3 percent over budget for the fiscal year. Fiscal year revenue was $\$ 11.3$ million or 7.8 percent under the prior fiscal year.

## Insurance Companies Taxes

The Insurance Companies Taxes were very close to budget for the month and ended the fiscal year $\$ 0.7$ million under budget.

## Estate Tax

The estate tax was $\$ 0.7$ million under budget for the month and $\$ 1.4$ million over budget for the fiscal year.

## Property Tax Relief Programs

Refunds for the Business Equipment Tax Reimbursement (BETR) and Business Equipment Tax Exemption (BETE) programs were under budget in June by $\$ 0.2$ million and ended the fiscal year $\$ 1.6$ million over budget.

## Municipal Revenue Sharing

Revenue sharing was under budget in June by $\$ 1.6$ million and essentially on budget for the fiscal year.

## Lottery

Lottery revenues were over budget for the month by $\$ 0.25$ million and finished the fiscal year over budget by $\$ 3.3$ million.

## Other Revenues

Other Revenues were over budget for the month by $\$ 1.5$ million. For the fiscal year, other revenues were over budget by $\$ 3.1$ million or 157.2 percent.

## Highway Fund

Motor fuel excise tax receipts were over budget in June by $\$ 0.9$ million. The Highway Fund, in total, was over budget for the month by $\$ 1.3$ million or 4.9 percent. For the fiscal year, motor fuel excise tax revenues were over budget by $\$ 1.8$ million and total Highway Fund receipts were over budget by $\$ 6.7$ million.

## National Economy

The most recent Beige Book report from the regional Federal Reserve Banks show economic activity is growing at a moderate rate, with growth mostly constrained by tight labor markets. Many districts, including the Boston Fed, specifically pointed to a shortage of commercial drivers as affecting business growth. While there was some impact from the new trade policies, most businesses around the country have not been significantly affected yet.

According to the Boston Fed, manufacturers noted the trucking issue was also slowing the delivery of new capital investments that in turn was delaying the hiring of additional workers. Labor shortages were also affecting the region's summer tourism season.

Tourism was reportedly slow in May, but "rebounded strongly" in June. Commercial real estate market conditions were mixed, with Boston and Providence reporting a strong pace and construction activity in the Portland area described as increasing. Hartford was the one metro area that had "scant" activity. The residential real estate market continues to see rising prices resulting from low inventory. Regional contacts indicate that borrowers are undeterred despite rising prices and changes to the federal tax code.

## Maine Economy

All the latest information on the Maine economy points to accelerating growth. The labor market is strong, with employment and wage growth tracking or exceeding the current Consensus Economic Forecasting Commission (CEFC) forecast. Economic conditions, combined with the federal tax cut, are providing Maine families with enough disposable income to keep taxable sales growth in the 5 percent range, well above the 4 percent growth that the Revenue Forecasting Committee (RFC) projected in their March forecast.

As summarized in a separate report, Maine ended fiscal year 2017-18 with approximately $\$ 101$ million of surplus revenue and lapsed balances. After accounting for certain priority transfers, $\$ 95.3$ million remained to be allocated to the Maine Budget Stabilization Fund ( $80 \%$ or $\$ 76.2$ million) and the Tax Relief Fund for Maine Residents ( $20 \%$ or $\$ 19.1$ million). At the close of FY18, the Maine Budget Stabilization Fund (BSF) now has $\$ 272.9$ million in reserve for an economic downturn, representing 8.1\% of FY19 expenditures. The CEFC and RFC will be releasing their joint report on stress-testing of state revenues on October $1^{\text {st }}$. One part of that report will estimate the size of the BSF necessary to sustain General Fund spending growth during a moderate or severe recession.
